PROFESSIONAL SUMMARY

Innovative software developer with 2 years of experience in creating dynamic web applications and services. Proficient in JavaScript, PHP, and MySQL, I excel in delivering user-friendly solutions while collaborating effectively with clients. My hands-on experience includes designing, developing, and deploying applications that enhance user engagement and meet project goals.

WORK EXPERIENCE

Freelance Software Developer

Blue Sky Innovations

📅 Feb / 2024-Ongoing
📍 Chicago, IL

1. Engineered a panoramic web map application for Hua Qi Electric-Optical Technology Co., enhancing user interaction.
2. Collaborated with clients to gather requirements and translate them into functional specifications.
3. Developed front-end features using JavaScript and integrated back-end services with PHP and MySQL.
4. Utilized Git for version control, ensuring seamless collaboration and code management.
5. Conducted iterative testing, improving application reliability and performance.
6. Created a real-time web application with Node.js and Express, showcasing modern web capabilities.
7. Designed and implemented a TCP echo server-client model to demonstrate networking principles.

Freelance Software Developer

Silver Lake Enterprises

📅 Feb / 2023-Feb / 2024
📍 Seattle, WA

1. Developed client-server applications for various clients, improving network efficiency.
2. Utilized technologies including Oracle and Novell NetWare for database management.
3. Researched high-performance computing methods, applying findings to enhance product design.
4. Created interactive websites using JavaScript, focusing on user experience improvements.
5. Compiled and tested C programs in a Linux environment, enhancing coding skills.
6. Contributed to projects using Mercurial for version control, enhancing team collaboration.

EDUCATION

Bachelor of Science in Computer Science

University of Washington

📅 Feb / 2022-Feb / 2023
📍 Portland, OR

Focused on software development, algorithms, and web technologies.

SKILLS

Project Management	Ruby	Agile Methodologies	Client Relations
●●●●●●●○○○	●●●●●●●●○○	●●●●●●●●●●	●●●●●●●●●○

ACHIEVEMENTS

⭐ Developed a responsive web application that improved user engagement by 30%.
